**Message from the Principal: Walking on Water**

“Lord, if it’s you,” Peter replied, “tell me to come to you on the water.” “Come,” he said. Then Peter got down out of the boat, walked on the water and came toward Jesus. But when he saw the wind, he was afraid and, beginning to sink, cried out, “Lord, save me!” Immediately Jesus reached out his hand and caught him. “You of little faith,” he said, “why did you doubt?”

I think it is easy for us to pass judgement on Peter. Peter why would you doubt the Lord? I wouldn’t doubt the Lord. Really? Well, I guess, I have not always trusted the Lord. I am like Peter over and over in my own life. When I really reflect on my life, there are several times that I don’t trust the Lord and haven’t shown little faith.

I have over and over again trusted God as long as it turned out my way. I have trusted the Lord when life is going well; however, when life isn’t going well, too many times I throw up my hands and ask “Why Lord?” Not trusting that all things happen for God’s purpose.

I also know that just like Peter, when I cry “Lord, save me!” Jesus immediately reaches out his hand to me. He took those times of little faith and carried them to the cross. He lets me know that he has earned a place in heaven for me. Let our faith look to Jesus who gives us life eternal in spite of our lack of faith.

## **Update from Adam Bohl**

Stuff matters! This is a phrase that has been uttered in the 7-8th grade science class. We are studying matter in science. We will also be looking at elements and chemical reactions. In literature we are studying dramas in preparation for our spring musical with the 5-6th grade.

We would also like to extend a huge thank you to everyone who helped the 7-8th grade class this past weekend at the basketball tournament! Thanks to everyone who helped work in the concessions as well as everyone who bought food. The funds will go a long way to helping offset the trip to Washington D.C. next spring.
